

AUDIENCE	EMEA Partner Sales · ~40, hybrid, mixed level	FORMAT	Monthly Marathon · 4 wks + bonus
CADENCE	~2–3 hrs/wk + weekly team checkpoint	SPONSOR	Stefan + Channel Sales leadership
OUTCOMES	Adoption · Time saved · Confidence	RECOGNITION	Leaderboard + small token
CAPSTONE	A QBR deck per country team — winner selected by Stefan, showcased at the September all-hands		

THE ARC

— Weeks 1–4 build toward the QBR deck · Week 5 is an optional bonus

	THEME	CAPABILITY FOCUS	SAMPLE ACTIVITIES (INDIVIDUAL)	WEEKLY CHECKPOINT
1	Foundations & Fast Research	Prompt Engineering · Research & Strategy	- Rewrite a partner email 3 ways - Reusable partner-sales prompt cheat-sheet - AI partner & market briefing in 15 min - Quick competitive scan on a key partner	Share one prompt that saved you time
2	Partner Intelligence & Proposals	Customer Intelligence · Content Generation	- Partner stakeholder / persona map - Needs & sentiment read from partner notes - Draft a partner proposal section - Generate a sales-pitch one-pager	Share a before/after proposal or pitch snippet
3	Pitch, Present & Plan	Presentation & Communication · Account Plan	- Turn a proposal into a pitch-deck outline - Build / refine an account plan - Draft an account exec summary - AI talking points & objection handling	Share an account-plan or deck slide improved with AI
4	QBR Capstone & Showcase	Synthesis: Presentation · Research · Content	- Country teams co-build a QBR deck with AI - Peer review & polish - Submit team nomination - Stefan selects winner → prep for all-hands	Team nominations — QBR deck per country
5	Vibe-Coding & Ship It BONUS optional / advanced	No-code / Vibe-coding · Git · GitHub · Publishing	- Build a tool by describing it — Replit / Lovable / Emergent AI - Version with Git + put it on GitHub - Publish / deploy so others can open it - Share your build with the team	Optional — show a live tool you built & shipped

CADENCE & COMPETITION

- Individual activities earn points → leaderboard.
- Weekly checkpoint (15–20 min) rides the existing team meeting — no new meeting load.
- Week 4 is team-based — one QBR deck per country, judged by Stefan.
- Week 5 is an optional bonus — build & ship a tool; not required to compete.

RECOMMENDED TOOLS

— recommended, not restrictive · confirm against approved stack

Assistant: Microsoft Copilot · ChatGPT · Claude | Decks: Copilot in PowerPoint · Gamma | Research: Copilot · Perplexity | Bonus — no-code / vibe-code: Replit · Lovable · Emergent AI | Bonus — ship & publish: Git · GitHub

"Here's a recommended starting set — use what's approved and available to you. No tool is off-limits unless policy says so."

LAUNCH ESSENTIALS

— Week 0

- Kickoff message from Stefan — the why + September showcase as the finish line.
- Tool access + 5-min quick-start — day one isn't setup.
- Baseline pulse — confidence self-rating, repeated at end to show lift.

OPEN ITEMS TO CONFIRM

- 1 Start date / run the Week 5 bonus? 2 Country team groupings & # nominations 3 Approved tool list 4 Points model & leaderboard tool 5 Token / prize budget 6 Checkpoint owner per country 7 Baseline + end metric to spotlight

Next step: on sign-off of this baseline, we build the day-by-day activity plan and launch kit in AI Activation Studio.
