

MODEL	Train the Trainer — building future AI champions	DURATION	Four full weeks
AUDIENCE	AI-versed CS team members (Chris' team)	FACILITATORS	Chris + Rizwan
FOCUS	Practical AI use · weekly skill-building · measurable business outcomes · trainer readiness		
FORMAT	Mon–Thu optional (15–20 min/day) · Friday mandatory submission · deeper path: capstone or certification		

THE TWO TRACKS

Track 1 · Weekly AI Practice Short AI practice activities through the week. Mon–Thu are optional; Friday is required — and in most weeks the Friday activity builds on the week's optional practice, so the daily reps pay off. COMMITMENT Mon–Thu: optional, 15–20 min/day · Friday: mandatory submission	Track 2 · Capstone or Certification Every participant chooses one deeper learning path, completed within the four-week window: Team Capstone 3–5 people build an applied AI solution, workflow, prototype, or business-improvement concept Certification of Choice An AI-related certification or credential aligned to individual development goals COMMITMENT Required choice · completed within 4 weeks
